Qs & As

Q Why aren't dogs allowed on Collier County beaches?

A The presence of dogs on beaches is very disruptive to the natural ecosystem, including shore birds and other animals that make the beach their home. Salt water is also an irritant to dogs' skin, as are sand fleas, and drinking salt water is harmful to their digestive systems. In addition, there is a human health element, in that there is no way to remove dog waste from the water.

Q Is there any public beach where I can take my dog?"

A Not in Collier County. The closest beach for dogs is in Lee County, at the Dog Beach ... 8800 Estero Blvd, Fort Myers Beach, FL 33931
