

## Administrative Support

Many of Collier County's Parks have opportunities to help with administrative functions. These opportunities can include:

- answering telephones
- assisting with inventory maintenance
- assisting the general public with information about the park
- assisting the public with beach parking permits
- organizational functions
- exhibit or tour guides
- Social Media assistance
- other administrative functions

Volunteer opportunities are for 2 or more hours at a time.

If you have special gifts or talents and see an opportunity for you to use them for the benefit of our community, we welcome input from the community and our volunteers.

*Our Vision is to provide a world-class system of parks, natural resources and recreational opportunities which are essential for the quality of life in our community now , and in generations to come.*

*Our Mission is to provide a diverse system of parks that supports healthy lifestyles, strengthen our community, enrich our economy, and protect and sustain our environment.*
