

Youth Sports / Coaching

Collier County Parks and Recreation hosts an array of youth sports from soccer, baseball, softball and lacrosse to basketball and cheerleading. All our sports leagues are coached by volunteers. Assistant coaches and scorekeepers are additional volunteer positions within our sports programs.

New sports programs are generally a result of an experienced coach wanting to spearhead the effort to start up with Collier County Parks and Recreation. Have an idea?

All youth sports and sports leagues, including men's and women's adult leagues run by volunteers are supported by park staff.
